## 2020 - ARE YOU JOINING IN?

### WHY

We have busy lives. Peace of mind and tranquility are hard to find. People are stressed and have burn-outs. Balance is needed for healthier and happier lives and businesses.

### HOW

Mindfulness and renewal is linked to nature. By connecting nature and music, a place and time is created to revive balance, away from the day-to-day hectic.

### WHAT

Pianist Marnix van de Poll will perform a series of outdoor concerts in Park Clingendael, The Hague. The concerts free the mind and create inspiring and connecting moments for visitors.

This year the Clingendael Concerts will be a son-et-lumiere: open air piano concerts combined with a light show. 60 minutes of music by Simeon ten Holt, Philip Glass, Rachmaninov and improvisations by the pianist. 4 days, 19 - 22 Augustus 2020, 2.000 visitors.

### FOREST CATHEDRAL

In Park Clingendael our location is an open slightly sunken natural arena surrounded by huge ancient old trees. The trunks are like pillars, the canopy at tens of meters high seems to be vaults. We call this place the forest cathedral, because of its impressive and meditative appearance.

### LIGHT SHOW

The location will be highlighted as a natural cathedral. Nature changes, the enchanting light design changes with the music, and visitors are given all the space they need to go where the music goes. We start at dusk and when the sun goes down the place will feel bigger and bigger.

### JOIN 2020

We invite parties to join in and make the concerts happen together with us. We seek partners who are able to connect to the WHY and to themes like mindfulness, traveling, arts & culture, nature or sustainability.

We are happy to give back. Maximum visibility, hosting your connections during the concerts, a toast and a meet & greet with the artist are amongst the ideas. Let's co-create together!

### SUCCESS THREE EDITIONS

Earlier editions took place in the magnificent Japanese Garden also in Park Clingendael. In total over three editions we organised 33 concerts for 5.000 visitors. People were moved and touched.

### CRAZY INITIATIVES

Our foundation makes cultural projects that aim to connect and inspire. Based in Amsterdam we operate in special locations nation wide.
